

Ashutosh Fibre
Pvt.Ltd

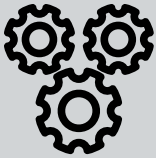

Solutions for a Safer World

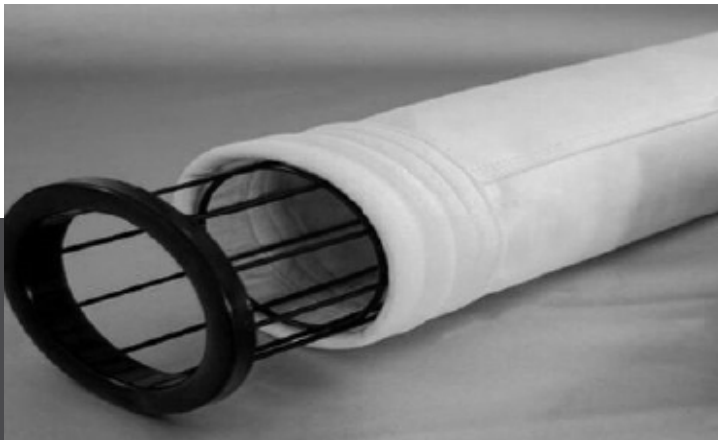

Ashutosh Fibre, an ISO 9001:2015 company, is India's Biggest Manufacturer of POLYPROPYLENE SPUN YARNS. We are the most Diverse Manufacturer of High Performance Technical yarns incorporating technical fibres like TWARON - PARA ARAMID, CONEX - META ARAMID, MODACRYLIC, SMARTCEL ANTIBACTERIAL, BEKINOX STAINLESS STEEL, FR VISCOSE, BELTRON and many more with State of the Art Spinning systems Ring Spinning, DREF and Open End. We also have an in-house dyeing facility to dye Modacrylic blended Yarn/ Fabric and Metaaramid Fabric.

We have introduced SIRO COMPACT Modacrylic / Cotton / Beltron yarn which can help increase strength of the yarn and reduce Hairiness. Meta aramid and Modacrylic based yarn is also spun on our latest Siro Compact spinning system to achieve outstanding yarn parameters with excellent dyeing results.

We are India's biggest manufacturer of 100% Polypropylene FDA spun yarn with monthly capacity of 200 tonnes and the main application are Filter Bag Manufacturing for Chemical, Pharmaceutical, Mineral and textile Industry as well as Tea Bag Threads. We also manufacture yarn for Filter Cartridge manufacturing for Household and Industrial water filtration.

Knitted Garments are manufactured using our Dope Dyed Polypropylene yarn.

Bekinox (Stainless Steel) Blended Polyester and Polypropylene yarn is used to make Filter bags and Flexible Intermediate Bulk Containers (FIBC) to prevent Sparks and Static.

100% Para aramid yarn with counts ranging from 2 Ne to 30 Ne and folded for manufacturing Gloves, Sleeves and sewing threads.

100% Meta aramid Yarn with counts ranging from 2 Ne to 40 Ne and folded for manufacturing Workwear.

Recycled Para aramid yarn with Glass Core with counts ranging from 1 Ne to 3 Ne for manufacturing Glove.

100% Acrylic yarn for manufacturing Filter Bags.

100% High Tenacity Polyester yarn (Reverse Twist) and Siro Compact yarns for manufacturing Sewing Threads.

100% Polyester Thermo cool yarn with count ranging from 4 Ne to 50 Ne.

100% Recron Green Gold Polyester (Regenerated) Siro Compact spun yarn with counts ranging from 4 Ne to 50 Ne for manufacturing Eco friendly Garments.

Zinc incorporated Smartcel fibre from SmartFiber possessing antibacterial properties is used in manufacturing Knitted Apparels, Socks and Children's Bedsheets.

100% Polyphenylene Sulfide (PPS) yarn which possesses excellent Acid and Alkalis resistance is used for manufacturing Filter bags in Coal based Industries.
